

HAWAII GIFTED ASSOCIATION

HGA was founded to provide valuable resources to the gifted and talented population.

Our mission is to enrich the lives of the gifted and talented learners, their parents, community and educators.

Established in the early 1990's and founded by Mensa in 1976, the organization has evolved and continues to advocate for the gifted and talented individual.

Aloha,

For those looking to make a contribution to the HGA we are offering the opportunity to use our fundraising products to raise scholarship funds for the 2024 awards. Feel free to stop in or call with any questions.
